B. F. MECK.
Sept. 30-11

A large number of persons passed through the city yesterday on their way to Crab Orchard to attend the Governor's ball.

The examining trial of James and Richard Jenkins, charged with the murder of John Lewis Dulle, was begun Tuesday before Esquire Bolannan and Judge R. E. Gaines, and was concluded yesterday. The defendants were represented by Messrs. Scott & French and the prosecution by County Attorney J. A. Violett and Col. S. N. Hodges. Both parties were held over to the Circuit Court.

A meeting of the citizens of Frankfort was held at the Capital Hotel Thursday night, when Mr. Jos. L. Rodman was called to the chair, and Mr. Thos. J. Harris appointed Secretary.

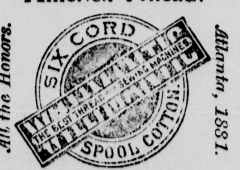

On motion, the chair appointed Messrs. W. L. Jett, Pat McDonald, Judge W. H. Sneed, and Dr. J. G. Hatchett a committee to appoint sub-committees and report at an adjourned meeting at the same place this evening. The chairman of the meeting was added to the committee and then the meeting adjourned.

A dispatch was received in this city by Judge R. A. Thomson, yesterday morning, from his son Wingate, at Winchester, announcing that a car load of dynamite had exploded at a station on the Kentucky Central Extension, six miles from Winchester, killing five or six persons and wounding some ten or fifteen others. Mr. Frank Hockersmith, a carpenter from this city, was among the wounded, being at work upon a new depot at that point at the time the accident occurred. He is very badly hurt and is not expected to live.

Dr. E. E. Hume went into Mr. Choate's residence, near the Railroad bridge, yesterday afternoon, to see a patient and left his horse and buggy in charge of a boy at the door. The mare became frightened at a passing train, pulled away from the boy and ran off. At Chin's coal scales she upset the buggy and tore the top off, ran up Wilkinson street to Main; thence up Main to the Capital Hotel, where the buggy wheels became entangled in one of the wagon standing there, and so checked her speed as to enable parties to run out and catch her. The buggy was badly used up and the mare, a remarkably fine animal, was completely ruined, the leaders of the left leg being entirely cut through to the bone. She was worth fully two hundred and fifty dollars before the accident.

Don't forget to tell your neighbors that a grand musicale will be given at the great White Hall Clothing House this afternoon at 4 o'clock, at which delightful music will be furnished by Waxy's celebrated quartette and to-night, at a quarter past seven o'clock, there will be a splendid concert given from the balcony in front of the same establishment, which will be one of the best things we have had in the city for years. The music will be furnished by the same artists as in the afternoon, the building will be beautifully illuminated, and red lights will be burnt during the entertainment. The quartette is a first-class one, has been secured at great expense, and a treat is promised to the lovers of music. Be sure to attend, and after you have enjoyed the music just inside and purchase a nice suit of clothes for to-morrow, as the prices on all the goods in the house have been marked down to exceedingly low figures.

HEART DISEASE!

CURED BY
Dr. Rush's Regulator,

FOR HEART TROUBLES.

Wm. G. Osgoodby, the well-known safe manufacturer of Buffalo, Philadelphia, Pittsburg, Newark, and Atlanta, Ga., says:

OFFICE OF OSGOODBY'S IMPROVED SAFES,
17 S. Broad Street,
ATLANTA, GA., October 17th, 1882.

Dr. Rush's Medical Association:
DEAR DOCTORS:—The three bottles of "Dr. Rush's Regulator" I ordered were received by express last week. I have been nearly one bottle and am thoroughly satisfied with the result. For over two years I have been troubled with sharp pain at my heart. My physician, upon examination pronounced it enlargement of the heart, and was unable to give me any relief. The trouble grew worse until I had become convinced that I could not be cured. While in New York City, last week, I called upon one of the most prominent physicians there, who charged me \$25 for an examination and then recommended your "Regulator." Knowing you to be a regular Medical Association, and not a patent medicine scheme, I ordered the three bottles. I have not been troubled since I commenced taking it, but shall continue and take the entire three bottles so as to obtain a permanent cure. You have my sincere thanks. I am, gentlemen, very respectfully,
WM. G. OSGOODBY.

Dr. Rush's "Regulator"

has never failed to give relief. It has been used successfully for years in subduing the most stubborn cases of heart difficulties. A positive cure for Enlargement, Palpitation, Fluttering and Fatty Degeneration of the Heart. Price \$2.00 per bottle. Six bottles for \$10.00. Sold by druggists, or sent direct by Dr. RUSH'S MEDICAL ASSOCIATION, New York, N. Y., U. S. A.

Frankfort Chapter, No. 3, R. A. M., will meet in regular monthly communication Tuesday evening at 8 o'clock.

The Fannie Freese broke a shaft on her trip down on Friday and has laid up for repairs at Louisville. Capt. S. V. Pence and First Clerk J. M. Pendleton are at home while the repairs to the boat and to dam No. 1 are being made.

The brickwork on the new city hall is about completed, and the contractors expect to have the roof on the front part of the building the last of next week. With the present rate of speed it will be completed within the contract limit the 15th of November.

While practicing for the game of ball at Pleasurville Saturday afternoon, Mr. John Hunt, of this city, had the thumb of his right hand knocked out of joint, the bone protruding through the flesh and making a very painful injury. The hand was dressed by a doctor at Pleasurville and he is doing well, though suffering a great deal.

A half grown white boy went into the circus tent during the performance Wednesday afternoon, sat down by a gentleman living near this city, and played greeny, saying it was the first circus he had ever attended. He went out before the performance was over, and the gentleman who sat next to him discovered that his pocket-book was missing.

In conversation with Mr. John O'Brien, the circus man, Wednesday afternoon, he told us that about thirty-five years ago he was in this city with John Robinson's circus, and stood upon the steps of the old Mansion House, then a hotel, and witnessed a shooting affair on St. Clair street, in which one man was killed together with a stone and ball shot five times in the breast, and the party shot did not fall until struck in the head with a brick. He was a little curious to know whether the man died or not. He said he could see the blood from each wound upon the man's coat, which was a green one with brass buttons upon it. The wounded man was carried into a drug store near the corner of Main and St. Clair, about where Harris & Hermann's building now is.

Saturday afternoon, about four o'clock, a woman set fire to some trash lying in the back porch of the house owned by Mr. H. L. Watkins, on the corner of Third and Steele streets, known as the Hall place, which burnt through the weather boarding and would have had the whole house blown up in a blaze in a few moments had it not been discovered by some of the neighbors in time. The alarm was given and the fire Department called out, but a few buckets of water extinguished the flames. The house was unoccupied at the time but Mr. Watkins and a lady friend had just left the premises a few moments before and all was right while they were there. It is supposed that some children who were playing about the place must have caused the trouble by carelessly dropping a lighted match upon the trash.

Mrs. Capt. D. A. Murphy, of Danville, spent Saturday and Sunday in this city with her husband.

Mr. Harry McEwing, of this city, paralyzed the man who was running the baby and ball game with the circus Wednesday. Every time he threw the ball a baby was knocked down, and the fellow, seeing he was about to be bankrupted, paid him to quit throwing.

Another regiment of State militia has been organized in the western part of the State, and is styled the Third Regiment. Major M. H. Cramp, formerly of the K. M. I., has been elected Colonel. This regiment, together with the First and Second, will go into camp in Belle Point the last of this month.

Dr. J. C. Bush, of this city, went to Lawrenceburg Sunday to "see a friend," and left his piece of artillery in his buggy at the livery stable. A colored individual in that place discovered it there and appropriated it to his own use, for which he is now in jail on the charge of grand larceny, awaiting the meeting of the Anderson Circuit Court.

Mr. Henry Miller, from near North Benton, was in town Thursday with his little seven-year-old son, Samuel Tilden, who created considerable merriment for crowds on the street by scratching his head with his toes and joining his hands together, passing them over his head, down on his hips and back again without letting go his hold.

Mr. Campbell James, of Frankfort, has been on this week surveying the route for the "pike that is to connect this place with the Benson Depot."

Masters Owen and Cochran Bailey, who have been visiting relatives in this section for several weeks, have returned to their home in Louisville.

Len Blythe has a Jersey calf that he missed some weeks since, and which he gave up as lost, but what was his surprise after searching for nineteen days, to find it in a large sink hole alive and well.

Dr. Geo. W. Chinn, of this place, was called last Tuesday to attend old uncle Tom Barrett, who is quite ill at his home in Anderson county. His many friends and relatives in this vicinity are sorry to hear of his affliction.

Last Wednesday, circus day, two negro men were heard to engage in the following conversation:

"Is you gwine to do sho to-day? Da say it am mighty good."

"Eshay, no, go way home. I's gwine to save all my money to go to de opposition in Louisville dis fall."

Harp.

Crops are looking well.

We have had a splendid rain.

The picture gallery will be at Harp next week.

We have two mails and six dispatches per week at Harp.

Bald Knob is getting civilized. We did not have a single fight this time.

Dr. James Burget shot himself through the heart Thursday, after trying to kill his older brother.

Mr. John Wiley is running his ground hog this year. The boys say they are getting tired and will run it to the cliff.

Some of the Republicans of Bald Knob voted for the negro candidate through a mistake, but cannot void him up.

We think Mr. C. V. Bailey's story very high, but we think if he had not climbed the fence so slowly to get one more glimpse of his lady friend he would not have to wear that old shoe.

John O'Brien, Louisville, says: "I have found Brown's Iron Bitters to be a perfect remedy for kidney complaint and constipation."

"ON TO RICHMOND!"

AND HYGEIA HOTEL AT OLD POINT COMFORT.

The Second Annual Excursion from Lexington and Central Kentucky to Old Point Comfort and Washington, under the auspices of the Kentucky Female Orphan School of Midway, will leave Lexington August 20th, at 4 P. M., and run through direct to the Hygeia Hotel at Old Point. The attractions of this Excursion are many, and the low rates charged for the trip should induce a large number to visit the Sea-shore. The price of round-trip tickets to Old Point and return will be \$11.00; Washington via Old Point and Potomac River Steamer, and return same way, \$13.00; Washington via Old Point and Potomac River Steamer, returning all-rail via Alexandria and Charlottesville, \$14.00. Tickets will be good going only on the Special Excursion train of August 20th, but will be good to return on regular trains until September 3d, with privilege of stopping over any point on the Chesapeake and Ohio Railway.

The scenery of the Virginia is of the grandest character—so diversified that it becomes enchanting. Dark canons and narrow defiles are followed closely by quiet and picturesque valleys. The passage over the Alleghenians is high up on the mountains, overlooking here a grim-looking chasm, and there a broad, fertile valley. The eye can scarcely rest upon a spot that has not been sanctified by heroic deeds and made memorable by the historian's pen.

The Valley of the Shenandoah, Monticello, Gordonsville, Richmond, Seven Pines, Williamsburg, Fort McRae, and through the Peninsula, Manassas, Bull Run, and Calpeper—all passed through the hottest battles of the late war.

This is the best season of the year to enjoy the bathing, fishing, sailing, and crabbing at Old Point Comfort; and a visit to the Springs Resorts on the return trip will find them filled with a gay throng on pleasure bent. Follow the advice of the never-to-be-forgotten John Minor Botts: "Whilst we live let us live," and take this trip by all means.

Tickets and pamphlets descriptive of the Route and Resorts, may be obtained from W. W. Monroe, Lexington, Ky., or S. P. Lucy, Superintendent Kentucky Orphan School, Midway, Ky.

State News.

Male thieves are operating in Simpson county.

At the sale of Messrs. Woodard & Brassfield, in Lexington, Monday and Tuesday, 186 horses brought \$35,785.

A company is being organized in Lexington for the manufacture of cars, locomotives, wagons, and other vehicles and all kinds of furniture.

Four attempts have been made at Frankfort recently to ditch the night lightning express train on the L. & N. Railroad, by placing obstructions on the track.

Mr. Thompson Manion, a prominent citizen of Allen county, who mysteriously disappeared from his home in Scottsville last week, was found Tuesday morning covered up with leaves in the woods near that place. He had lost his mind and was hiding from persons whom he thought were going to kill him.

Some Snake Stories.

Not a good place for snakes either.—Mr. Frank Dickey, of White Sulphur, was tearing down an old fence on Col. R. P. Pepper's place, South Elkhorn Stock Farm, last Friday, and killed fifty-eight snakes in a distance of fifteen feet. Mr. Dickey solemnly declares that he killed with a stick one snake five feet long which had two months and was attempting to swallow a frog at each mouth at the time his being surprised and killed. Mr. H. P. Waits was present and saw the snakes. If there is any incredulity entertained on the subject, Mr. Dickey, the stick, and the stone fence are still there to speak for themselves.—Midway Clipper.

Yesterday as Henry F. Gaar, a farmer living near Louisville, was passing through his farm, accompanied by two dogs, he was attracted by the peculiar movements of the dogs to a large moccasin water snake. The snake was disporting herself in the grass with a whole colony of young snakes, to the number of sixty-nine. As soon as the snakes saw their natural enemies the old opened her mouth and the young ones all ran down her throat. Fearing for the mother's life at seeing the whole household of young ones the farmer collected his wife together and killed the mother snake, at the same time destroying the young ones. The snake measured four feet six inches in length, and three inches in diameter at the largest part. Mr. Gaar lives near the City Almshouse, and one of them inclined to doubt this story can have it substantiated from his own lips.—Louisville Commercial, 15th.

Our own county sees both of the above and goes several better, as will be seen from the following, which we clip from the Yeoman.

A few days ago while constable Louis L. Cox was walking about his father's premises, in this county, he came across a plank which was lying on the ground, and lifting it up discovered a large garter snake. He killed the reptile, and upon investigation found ninety-two small snakes in her, which he also killed.

Mr. Cox still retains the plank as evidence of the correctness of the above.

PURINGTON, FRANKLIN COUNTY, KY.

Editor of the Roundabout:

In looking over this senatorial district for a suitable man to represent us in the Senate, to succeed the Hon. D. L. Moore, of Mercer, we can think of no one so well qualified for that honorable position as Col. Thos. B. Ford, of Frankfort.

Mr. Ford is a man of talent and integrity combined, to very important elements to make an efficient Senator. Tom Ford is honest and faithful, and will look to the interest of the district, and especially, to the completion of the Capitol building in this city. He won't wait until seven days before the adjournment before he asks for an appropriation to complete that desirable object.

Very Respectfully,

MANY DEMOCRATS.

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons; it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and insist on having it. Don't be imposed on with something recommended as "just as good." The genuine is made only by the Brown Chemical Co., Baltimore, Md.
